## ABOUT ME

I am a results-oriented Full-stack Developer with a proven track record of academic excellence. I am dedicated to continuous learning and contributing value to a team that prioritizes quality. A collaborative team player with strong communication and leadership skills, I thrive in goal-driven environments. I approach challenges with a problem-solving mindset and am adept at navigating complex issues. Committed to staying abreast of industry trends, I am eager to acquire new skills and adapt to emerging technologies.

## WORK EXPERIENCE

### Uvu Africa | Jan 2023- June 2023 Software Developer Intern

- Constructed and sustained websites using HTML, CSS, and JavaScript.
- Implemented front-end logic for visual element functionality in web applications.
- Coded, designed, deployed, and debugged projects on both client and server sides.
- Collaborated with fellow developers on algorithm and flowchart design.

### Younglings (ABSA) | June 2023 - present

#### Software Developer

- HTML, CSS, JavaScript for website construction and maintenance.
- Figma for design and prototyping.
- React and Node.js proficiency.
- Implemented front-end logic for visual elements.
- End-to-end project management, covering coding, design, deployment, and debugging.
- Effective collaboration with fellow developers.
- APSs (Rest)
